Progress Pitch Guidelines

Objective:

- The project progress pitch is an opportunity for you to:
  - Demonstrate the team's understanding of the problem, process, and progress.
  - Communicate project's development to date.
  - Show ownership, clarity, and planning for the remainder of the project.
  - Receive feedback to refine the project work.

Presentation Time:

- Duration: Strictly 5 minutes per group
- Number of presenters: 1-2 members per group
- Q&A: 2–3 minutes for questions from peers or assessors.

Progress Pitch Guidelines

Recommended Pitch Structure:

1. **Project Title & Team**
   - Project title
   - Name(s) and role(s) of team members

2. **Problem Statement / Project Objective**
   - What problem is the team solving, or what goal is the team aiming to achieve?
   - Why is this project important or relevant?

3. **Background / Context**
   - Brief background, research, or inspiration
   - Key references or case studies (if applicable)

Progress Pitch Guidelines

Recommended Pitch Structure:

4. **Solution to Problem**
   - What is your solution?
   - Tools, frameworks, or methods used with justification if any.

5. **Progress to Date**
   - What has the team completed so far?
   - Demonstrate prototypes, mockups, data, results, etc.

6. **Challenges and Next Steps**
   - Were there any challenges faced such as technical, teamwork, resource, or time constraints?
   - Timeline for remaining milestones.

Progress Pitching and Q&A Time Slot (G5)

Team Number	Time Slot
1	0340 - 0350
4	0350 - 0400
6	0400 - 0410
2	0410 - 0420
8	0420 - 0430
3	0430 - 0440
5	0440 - 0450
7	0450 - 0500

Please note that the presentation order is randomly generated

Progress Pitching and Q&A Time Slot (G6)

Team Number	Time Slot
7	0820 - 0830
2	0830 - 0840
6	0840 - 0850
3	0850 - 0900
5	0900 - 0910
8	0910 - 0920
1	0920 - 0930
4	0930 - 0940

Please note that the presentation order is randomly generated

Progress Pitching and Q&A Time Slot (G7)

Team Number	Time Slot
5	1210 - 1220
1	1220 - 1230
7	1230 - 1240
6	1240 - 1250
8	1250 - 1300
4	1300 - 1310
3	1310 - 1320
2	1320 - 1330

Please note that the presentation order is randomly generated

FAQs

1. Do we need to show a finished product or solution?

   No. This is a progress pitch, not a final presentation. The team is expected to showcase what has been completed so far, how the problem is being approached, and the plan moving forward.

2. Can we present as a full group?

   Presentations are limited to 1–2 presenters per group to ensure time management and clarity. The rest of the team should be prepared to assist during the Q&A session if needed.

3. Can we use slides or other visuals?

   Yes. Slides, mock-ups, diagrams, and short demos are encouraged to help communicate the project progress clearly. Keep them simple and focused.

FAQs

4. Do all team members need to attend?

   Yes. Even if only 1–2 members are presenting, all team members should attend to support the presentation and participate in Q&A.

5. What if we haven't made much progress yet?

   Be honest about your current progress. Focus on what the team has accomplished so far, the challenges or delays encountered, and the plan to get back on track. This is a valuable opportunity to receive support and constructive feedback.

6. What kind of questions will we be asked?

   Questions may come from peers or instructors and will typically focus on your understanding of the problem, the feasibility of your approach, your progress and challenges so far, and your plans for completion.

FAQs

7. Can we change our project after the pitch?

   Yes, but major changes (e.g., to the core problem or scope) should be justified and communicated to your instructor.

8. What happens if we go over time?

   Time limits will be strictly enforced. Practice your pitch to ensure it fits within the 5-minute limit, allowing 2–3 minutes for Q&A.
